Date of Addendum  
**Dec 21, 2016**

**City of Dublin -- Division of Engineering**  
5800 Shier-Rings Road Dublin OH 43016  
Phone (614) 410-4640 Fax (614) 761-650

**ADDENDUM NO.1**  
**to the contract for**  
**100 Gigabit – Dublin Ignite Fiber Optic Project**  
**Project Number 16-DCSD Fiber Build Phase 1 - 16-029.0-CIP**  
**Bid Date: January 4, 2017 3:00 PM**  
**5200 Emerald Parkway, Dublin, Ohio 43017**

**TO PROSPECTIVE BIDDERS:** The following changes shall be made part of the contract documents for this project:

**Questions:**

1. Is the city supplying any material at all?
  - a. **No.**
2. What are we doing at the vaults poles, peds, boxes?
  - a. **Coils at every vault: 50' at any manhole/handhole, pole, ped. 150' on each end of lateral (building entrance, and backbone connection point).**
  - b. **Essentially penetrating the building wall. That's your termination point. Leave 150 ft**
  - c. **Running innerduct at every pole. Where riser up pole is required for backbone connection, place conduit and u-guard up pole**
  - d. **No connections. - No splicing/termination work required.**
3. On Deer run where tying into existing. Is there going to be a vault there?
  - a. **Plan revision forthcoming**
4. Supply spec on how we want that to go into the building?
  - a. **Yes. Additional information will provided in addendum 2**
5. Provide details on handholes and pull boxes?

**Handholes**

- Handholes will conform to the specifications as detailed in ANSI/SCTE 77 2007 Specification for Underground Enclosure Integrity.
- All handholes shall be of a flared base style and shall be load rated as Tier 22.
- Handhole lids will be manufactured with the identifier "DUBLINK" clearly imprinted into the lid. No labels that are attached in any manner to the lid will be acceptable.
- Handhole lids will be manufactured by the same manufacture that supplied the handhole that the lid is intended to cover. Handholes shall have a minimum H-15 loading rating.
- Handhole lids will be of the correct size, type and rating as specified by the manufacture to be appropriate for the handhole being supplied.
- Handhole lids will be required to have at least two holes for securing the lids with bolts that will be provided by the manufactured for those lids. These bolts are to be five sided security bolts. Contractor will supply four removal tools that are manufactured to fit the security bolt being supplied.

## Pull Boxes

- All pull boxes will be of the appropriate NEMA rating for the expected environmental needs and the intended application.
  - Pull box lids will be clearly labeled with the identifier "DUBLINK" on the lid. Labels will be properly attached to the lid in a manner that will be environmentally sealed and permanent and will in no way violate the NEMA rating of the box.
  - Pull box lids will be manufactured by the same manufacture that supplied the pull box that the lid is intended to cover.
  - Pull box lids will be of the correct size, type and rating as specified by the manufacture to be appropriate for the pull box being supplied.
6. Permit just says 1 2in conduit. But spec says different  
**a. For this application it is going to be the one 2 inch. - CORRECT**
7. Wanting to use Corning fiber?  
**a. Correct but spec allows for alternatives. If you have a time delay, we're willing to consider a like product but want to know what it is in advance so we can evaluate and approve it. Addendum will issued to provide information on approved alternatives.**
8. This is an April deadline?  
**a. Yes. April 30, 2017**
9. On the fiber will Dublin consider a 48 given the deadline?  
**a. Yes. It would affect your price. But we may be open to that.**
10. When may we have an addendum out?  
**a. Realistically probably early next week. The deadline for questions and addendum will be Friday December 30<sup>th</sup>. Addendum will issued by Helen S. George via e-mail and will posted on the City's website.**

## Attachemnts:

1. Pre-Bid Meeting Sign In Sheet

**The City of Dublin anticipates a second addendum to provide information on acceptable fiber alternatives and to provide additional information on the Deer Run location.**

**Addendum Approved By:**
